WORK EXPERIENCE

LGUSuite, Inc. | Cainta, Rizal | Work from Office
Front-End Developer/Software Engineer
March 2023 – Present

- Collaborate with UX designers to create user-focused and visually appealing interfaces for web and mobile apps.
- Convert design mockups and wireframes into responsive, pixel-perfect layouts with HTML, CSS, and JavaScript.
- Optimize UI elements for seamless user experiences across devices and browsers, addressing compatibility issues as needed.
- Ensure fast, efficient UI performance with clean, maintainable code that follows best practices.
- Work with designers, back-end developers, and project managers to integrate front-end components within project timelines.
- Test and debug rigorously to deliver polished, bug-free interfaces.
- Keep up to date with UI/UX trends and front-end technologies, bringing fresh ideas to projects.

Accenture Philippines | Mandaluyong, Metro Manila | Hybrid
Software Engineer
Aug 2022 – Mar 2023

- Help define and review application requirements and use cases.
- Design the application to align with business processes and requirements.
- Configure, build, and test applications or technical components.
- Assist in transitioning designs to developers and in code reviews, then hand over components to testers.
- Address defects and performance issues found during testing.
- Develop technical and end-user documentation for the software or system.

WORK EXPERIENCE

International Clients
Front-end Developer/Graphic Designer
2020 – 2022

- Collaborate with the creative team to understand project requirements and objectives.
- Translate project briefs into visually engaging designs across various mediums, including digital and print.
- Create original graphic content, including illustrations, logos, infographics, and social media assets.
- Prepare rough drafts and present ideas to internal teams and clients.
- Incorporate feedback and revisions to ensure final designs meet quality standards.
- Stay up to date with industry trends, techniques, and best practices in graphic design and digital media.
